**COMMUNITY**

*God's Plan for His People*

### Community: God's Plan for His People May 31, 2020

Genesis 1:26-28; 35:11

Acts 2:42-47

I Peter 4:7-8

John 17:20-23

### Community: God's Plan for His People

1. Reading through Genesis 1 & 2, how does God build community for humans? Or What was the expected community people were to be part of?
2. God wanted to use Israel as a basis for building a godly community. Using various Bible verses in the Old Testament, where did Israel have successes and where did it have failures in being a godly community? List just 2 or 3 of either.
3. Acts chapter 2 gives a great example of how a healthy godly community is supposed to function. How do churches today succeed and/or fail at this?
4. If Israel ended up being a spiritual "thermometer" in their history, and God has given the Church the power and the command to be a spiritual "thermostat," what is one area of community building/involvement you would like to invest in this next season (weeks, months, or even years)?
